When the Association completed the restructuring of its Constitution and governance framework, it was noted a specific skill set was going to be needed in communication to support the work of the Association.

Effective Monday January 8, Mr. Eric Bell will be joining the URFA office as its inaugural Communications Officer. Eric came to us from the Government of Saskatchewan Office of the Official Opposition where he was the Communications Officer.

Prior to that Eric was a Communications Consultant with the SK. Library Trustees Association and was a reporter with the daily Brandon Sun newspaper, Prince Albert Daily Herald and a reporter with CBC Saskatchewan where he developed news stories for radio and television.

He has facilitated workshops on the effective use of social media and photography for social media. Eric is a University of Regina graduate with a Bachelor of Arts (Journalism) degree.

He will be in our URFA office at Campion College, room 122 and can be reached through our main office number of 306-585-4378 or email eric.bell@uregina.ca

Please join us in welcoming Eric to URFA.
