

Britt Hall
Biography
Candidate for URFA President, 2020-2022

Dr. Britt Hall is a Professor in the Department of Biology and an environmental scientist with special interest and expertise in mercury biogeochemistry.

Britt has been actively involved in URFA since 2010 as a Faculty of Science representative to the URFA Executive Committee. In 2016, she was involved in reworking URFA's constitution in the creation of the URFA Council of Representatives and has served as Faculty of Science representative in the body since. In 2019 she joined the bargaining committee for most recent round of negotiations of the UofR Faculty collective agreement. Originally from Winnipeg, she comes from union roots as a daughter of a linesman and a teacher.

She and her husband have two children, Tess (8) and Drew (11), and a mutt, Cola, lovingly described as a Canadian prairie dingo.
